

MEMBER SERVICES AND BENEFITS

135 Fennell Avenue West, Hamilton, Ontario L8N 3T2 Phone: 905-387-1655 Fax: 905-574-6080

Over 34 years of CINDE commitment and progress have made our organization a valuable contributor to NDT technicians in the field while advancing the scientific engineering and technical knowledge of nondestructive evaluation, testing and inspection. We are dedicated to serving members by gathering and disseminating information that is useful to your career, your company and to the general public at large.

Your support and participation as a CINDE member for chapter meetings, conferences, technical publications, and standard development committees helps promote nondestructive testing and the people who make it their business. If you are already a member, log onto the members area of the website at <https://www.cinde.ca/members/> to learn about your services and benefits. If you're not a member, we invite you to join and take advantage of everything a CINDE membership has to offer.

Member Services and Benefits	Membership Category
